

CHARITABLE GIFT

Careful planning today can result in a nice gift from Uncle Sam when tax time rolls around!

The federal government encourages charitable giving by providing some significant tax benefits when you make a gift to a qualified charity.

Your gift may be made in a number of ways-depending on your particular situation. And careful planning is the key to maximizing your benefits.

The following may be helpful as you consider the best way to make your year-end gift.

CASH

Cash is still the most popular way to make charitable gifts. And your gift of cash to a qualified charity prior to December 31 could cost you much less at tax filing time.

For example, if you make a \$2,000 gift before December 31 and are in the 28% marginal tax bracket, your gift could save you \$560 in taxes.

The federal government recognizes the contribution non-profit organizations make to society and assist in making the gift through *tax deduction*
